

CCTV Surveillance System

Specifications:

Security is an aspect of concern for all to ensure protection of self and family members, property, offices, and livestock etc. Use of security cameras is considered as best way of deterring the criminals from causing harm to you or your property (even when you are thousands of kilometers away from your place), keeping away intruders and even for checking activities of your kids. You must have seen security cameras installed at vital installations like business houses, malls, banks etc.

Variants of Cameras:

- Dome Camera
- IR Dome Camera
- Vari - Focal Dome Camera
- Vandal - Proof Dome Camera
- Outdoor Speed Dome Camera
- IR Bullet Camera
- Box Camera

A digital video recorder (DVR) is a device that records video in a digital format to a disk drive or other memory medium within a device.

Variants of Digital Video Recorder:

- 4 Channel Network DVR
- 8 Channel Network DVR
- 16 Channel Network DVR
