Canteen Management System

Advantages:

- Do away with manual system of maintaining the coupons
- Instant information at your fingertips for immediate use
- Supports both Prepaid and postpaid methods of accounting
- Linkage to payroll package for direct debit facility
- CMS can be implemented in an organization where the employees have cards (any type of identification cards) for unique identification.
- CMS can be integrated with an existing (or new), Personnel Information system, Time and Attendance System and Access Control System etc.
- CMS takes care of subsidies provided by the companies to their employees.
- Manual entry of transactions is feasible.
- Daily limit on the amount for the usage of canteen facility can be preset.
- Daily menu creation by the caterer is possible using CMS.
- Coupons can be used for making transactions.
- Reduces Wastage of food items.
- Ease in selection from menu by Caterers.
- Advance information on the usage of the canteen facilities by the employees on any particular day or shift can be notified to the caterers.
- Different types of reports can be taken with respect to Employee consumption and with respect to daily sales by the canteen
