

Thermal Printer

Key Features:

+ Easy Operation

The Autofeed functionality enables quick and easy label loading reducing downtime. Tool-less replacement of key components like the printhead and platen rollers.

+ Flexible Options

Labels can be supplied on rolls or fanfolded (holders are available for both formats).

+ A Preprinted Backer

We can preprint under the Carrier/Return Labels with a Marketing Message, Logo or Operational Instructions such as an important note for the Pickers or how to return your order easily.

-
- Free Hardware and Software Support
 - 1 Year Hardware Warranty

Company Profile

Introduction

Explore a world of wide-ranging industry Services aimed at making your business more productive and profitable. Cherish the experience of working with dedicated professionals. Nurture an association based on trust and mutual respect.
